SHOE GUIDE SUMMARY

- School shoes do not have coloured logos. Subtle embossing is acceptable (e.g. 3)
- They are waterproof and not made of fabric
- They need to be black, can have either laces or Velcro fasteners
- 'Sporty styling' makes them a trainer
- The more 'pieces' stitched together, the more like a trainer it is
- Just because the shop says it's a shoe that doesn't mean it fits St. Alban's expectations
