**St. Alban's Catholic High School**

St Alban's Catholic High School strives to provide an excellent education for our students within a caring Christian community where all are respected, valued and supported to achieve their potential.

We aim to inspire everyone with the strength and purpose to begin the journey of learning for life and to prepare our students to lead by their example in the modern world.

**Learning, Respecting, Caring**

## Our Strategy

- To recognise that each individual student and member of staff is a unique creation in the image of God, and deserves to be valued equally;
- To follow Christ's example by providing a living testimony to the goodness and presence of God and so to prepare our students for a fuller participation as followers of Christ in the life of their community;
- To develop effective leadership throughout all levels of the staffing structure and to use this to create a successful teaching environment where high expectations of students, staff and governors are met;
- To work within the Catholic Community to generate an educational in accordance with the directions of the Bishop;
- To provide full opportunity for our students to develop their individual talents and build a strong foundation for their future.
