

What do we do that helps you achieve?

"The teachers and other students are so welcoming that it feels like a family.

The syllabuses change at times in order to better help the students learn and do well in their career."

"Great support and **staff that care** as well as a lot of independent study built into your timetable, really useful to stop procrastinating."

"We have the freedom to have some downtime but also have the **structure of the school day** so still have all the lovely support from the teachers."

"One of the things that assured me St Alban's was the correct choice was the fact that the teachers will be writing your references. At any other school you'd have to make a new bond with every single teachers but at St Alban's you already have the **bond and connection with your teachers.**"

"Students should come study at St Albans because there is such a communal feel that exudes across both years and allows people to **fit in straight away** even if they're from a different school. Also, the academic advantages compared to bigger sixth forms or colleges with **smaller class sizes to create that relationship with your teachers and classmates.**"

"Sixth form in St Albans is more small and so you feel like you have a **closer connection** with not only teachers but your classmates as you can always ask them for help if you don't understand something specific"

St Alban's School Prayer

Dear Lord,

Thank you for this wonderful day, filled with opportunities.

We pray that you may guard and help us get through all the obstacles ahead.

Lord, protect and look after us and please be there when we seek your advice.

Lord fill us with your Holy Spirit.

St Alban, pray for us,

Amen

Mr Mirshemirani

The Sixth Form at St Alban's

Courses at Sixth Form
