

### **What should students be doing in the ISA for Physics?**

- Textbook exercises:
  - The Practice Question exercises (at the end of each chapter from the textbooks are brilliant for reviewing topics. The answers are in the back of the textbook and the full written solutions can be found online - the best place can be on [www.PhysicsandMathsTutor.com](http://www.PhysicsandMathsTutor.com) (PMT)
- Past exam papers:
  - The easiest place to find and navigate these is on PMT. Here there are papers, mark schemes and student friendly mark schemes (written solutions). Seneca is a good alternative.
  - There are exam style questions on Teams, arranged by topic.
- Video explainers:
  - [DrPhysicsA - YouTube](#)

### **What resources should they be using for Physics?**

- PMT (Physics and Maths Tutor)
- SaveMyExams.com
- Seneca
