

Parent Workshops

Are you a parent or carer of a child with Autistic Spectrum Conditions?

Would you like to find out more about the condition and how to support your child?

Would you like to find support in a friendly environment with other parents with similar situations?

The Workshops....

- Small groups of parents (and other family members) to meet with an SLT at a time that suits them. Either in person or online.
- Focus on understanding and processing the diagnosis with practical advice on ways to help your child.
- An opportunity to make links with other families and support each other.

Contact Us...

If this is something that interests you, we would love to hear from you.
